River Boy Tim Bowler,2001-04-02 She didn't know how fast the current was moving her. It could take many more hours yet, perhaps more hours than she had the strength for. But she must not stop. She must keep going. She must try to catch the river boy, even though she was frightened at the thought of what he was. Jess's beloved grandfather has just had a serious heart attack, but he insists that the family travel as planned to his boyhood home on the river so that he can finish his painting, River Boy. As Jess helps her ailing grandpa with his work, she becomes entranced by the scene he is painting. Then she becomes aware of a strange presence in the river -- a boy who asks for her help and issues a challenge that will stretch her swimming talents to their very limit. Jess knows that Grandpa and the river boy are connected, but how? Can she take up the river boy's challenge before it's too late for Grandpa? Tim Bowler's gripping narrative flows like a river itself -- gentle and calm at times, turbulent and deep at others, always fluid, always alive. Readers will be swept along by the magic of the river and the mysterious river boy -- and changed forever by Jess's unforgettable journey.

The Globalization Backlash Colin Crouch,2018-12-06 Globalization, heralded for decades as a harbinger of prosperity, faces a huge backlash. Derided by right-wing nationalists as a 'globalist' plot to undermine traditional communities, and by left-wing critics as the rule of rampaging corporations, it's become a political punching bag around the world. In this incisive book, leading commentator Colin Crouch defends globalization against its critics to the right and left. He argues that reversing the process would mean a poorer world riven by nationalistic and reactionary antagonisms. However, globalization will only be worth saving if we institute reforms to promote social solidarity and recover pride and confidence for the cities and regions that have lost out. Crouch shows that we can therefore only save globalization from itself if we transcend the nation state and subject global economic flows to democratically responsible transnational governance. Crouch provides a much-needed riposte to the delusions that risk plunging the world back into a zero-sum game of regressive economic nationalism, combining cool-headed analysis with a visionary call for a reformed and genuinely progressive globalization.

One and Seven Gianni Rodari,2003 One child is portrayed as seven children from all parts of the world. Although each child is different they all laugh in the same language. The story unifies all the children in the end into one man and because of that they can no longer declare war against one another. Essentially, a story of peace.

Oesterreicher, Wolfgang Raible, 2008-07-14 This handbook provides a comprehensive and thorough survey of our current insights into the diversity and unity found across the 6000 languages of this planet. The 125 articles include inter alia chapters on the patterns and limits of variation manifested by analogous structures, constructions and linguistic devices across languages (e.g. word order, tense and aspect, inflection, color terms and syllable structure). Other chapters cover the history, methodology and the theory of typology, as well as the relationship between language typology and other disciplines. The authors of the individual sections and chapters are for the most part internationally known experts on the relevant topics. The vast majority of the articles are written in English, some in French or German. The handbook is not only intended for the expert in the fields of typology and language universals, but for all of those interested in linguistics. It is specifically addressed to all those who specialize in individual languages, providing basic orientation for their analysis and placing each language within the space of what is possible and common in the languages of the world.

Killing It Camas Davis, 2019-07-23 Camas Davis was at an unhappy crossroads. A longtime magazine editor, she had left New York City to pursue a simpler life in her home state of Oregon, with the man she wanted to marry, and taken an appealing job at a Portland magazine. But neither job nor man delivered on her dreams, and in the span of a year, Camas was unemployed, on her own, with nothing to fall back on. Disillusioned by the decade she had spent as a lifestyle journalist, advising other people how to live their best lives, she had little idea how best to live her own life. She did know one thing: She no longer wanted to write about the genuine article, she wanted to be it. So when a friend told her about Kate Hill, an American woman living in Gascony, France who ran a cooking school and took in strays in exchange for painting fences and

making beds, it sounded like just what she needed. She discovered a forgotten credit card that had just enough credit on it to buy a plane ticket and took it as kismet. Upon her arrival, Kate introduced her to the Chapolard brothers, a family of Gascon pig farmers and butchers, who were willing to take Camas under their wing, inviting her to work alongside them in their slaughterhouse and cutting room. In the process, the Chapolards inducted her into their way of life, which prizes pleasure, compassion, community, and authenticity above all else, forcing Camas to question everything she'd believed about life, death, and dinner. So begins Camas Davis's funny, heartfelt, searching memoir of her unexpected journey from knowing magazine editor to humble butcher. It's a story that takes her from an eye-opening stint in rural France where deep artisanal craft and whole-animal gastronomy thrive despite the rise of mass-scale agribusiness, back to a Portland in the throes of a food revolution, where Camas attempts--sometimes successfully, sometimes not--to translate much of this old-world craft and way of life into a new world setting. Along the way, Camas learns what it really means to pursue the real thing and dedicate your life to it.

Video Games Around the World Mark J. P. Wolf, 2015-05-01 Thirty-nine essays explore the vast diversity of video game history and culture across all the world's continents. Video games have become a global industry, and their history spans dozens of national industries where foreign imports compete with domestic productions, legitimate industry contends with piracy, and national identity faces the global marketplace. This volume describes video game history and culture across every continent, with essays covering areas as disparate and far-flung as Argentina and Thailand, Hungary and Indonesia, Iran and Ireland. Most of the essays are written by natives of the countries they discuss, many of them game designers and founders of game companies, offering distinctively firsthand perspectives. Some of these national histories appear for the first time in English, and some for the first time in any language. Readers will learn, for example, about the rapid growth of mobile games in Africa; how a meat-packing company held the rights to import the Atari VCS 2600 into Mexico; and how the Indonesian MMORPG Nusantara Online reflects that country's cultural history and folklore. Every country or region's unique conditions provide the context that shapes its national industry; for example, the long history of computer science in the United Kingdom and Scandinavia, the problems of piracy in China, the PC Bangs of South Korea, or the Dutch industry's emphasis on serious games. As these essays demonstrate, local innovation and diversification thrive alongside productions and corporations with global aspirations. The Night of Rome Carlo Bonini, Giancarlo de Cataldo, 2019-07-09 When an Italian kingpin falls, a battle of successors begins in this “razor-sharp political thriller set in Berlusconi’s Rome” (The New Statesman). Things are changing in Rome.

The new Pope, determined to reform the Vatican, proclaims an extraordinary Jubilee year, one “of Mercy.” A new center-left government replaces its disgraced predecessor. And with the underworld kingpin Samurai in jail, his protégé Sebastiano Laurenti plans to establish himself as his designated successor. But to do it, he must reckon with a new generation of gangsters and racketeers edging in on the corrupt profits to be made off the Jubilee’s public works. Meanwhile, Laurenti must also keep an eye on the ambitious newly elected politician Chiara Visone. As the sharks circle and the street-dogs fight, a tenuous hope endures. An incorruptible politician of the old left is about to forge an unlikely alliance with a young bishop who refuses to play the Vatican’s power games. Sharp, dark, and taut, *The Night of Rome* is fiction that sails dangerously close to the wind of current events.

The Pirates of Somalia Jay Bahadur,2011-07-19 Soon to be a major motion picture The first close-up look at the hidden world of Somali pirates by a young journalist who dared to make his way into their remote havens and spent a year infiltrating their lives. For centuries, stories of pirates have captured imaginations around the world. The recent ragtag bands of pirates off the coast of Somalia, hijacking multimillion-dollar tankers owned by international shipping conglomerates, have brought the scourge of piracy into the modern era. Jay Bahadur’s riveting narrative exposé—the first of its kind—looks at who these men are, how they live, the forces that created piracy in Somalia, how the pirates spend the ransom money, how they deal with their hostages, among much, much more. It is a revelation of a dangerous world at the epicenter of political and natural disaster.

into the world's best-known toy manufacturer.

My Father's Words Patricia MacLachlan, 2018-10-02 Patricia MacLachlan, beloved author of the Newbery Medal-winning *Sarah, Plain and Tall*, has crafted another lyrical and touching novel for young readers about finding hope after the loss of a loved one. This middle grade novel is an excellent choice for tween readers in grades 5 to 6, especially during homeschooling. It's a fun way to keep your child entertained and engaged while not in the classroom. Declan O'Brien always had a gentle word to share, odd phrases he liked to repeat, and songs to sing while he played basketball. His favorite song was *Dona Nobis Pacem*, "Grant Us Peace." His family loved him deeply and always knew they were loved in return. But a terrible accident one day changes their lives forever, and Fiona and Finn O'Brien are left without a father. Their mother is at a loss. What words are there to guide them through such overwhelming grief? At the suggestion of their friend Luke, Fiona and Finn volunteer at an animal rescue shelter, where they meet two sweet dogs who are in need of comfort, too. Perhaps with time, patience, and their father's gentle words in their hearts, hope will spark once more. * Junior Library Guild Selection * Bank Street Best Children's Book of the Year 2019 (9-12) *
